

# Summer Packet for Upcoming Third Graders

Here is a list of activities to be completed during your summer break to help prepare you for the third grade. All assignments are due on Friday, August 12<sup>th</sup>.

## Reading:

I. Choose one book from the Non-Fiction summer reading list below. After reading the entire book, use a white paper lunch bag and decorate the bag with facts, pictures, etc. about the topic. Put inside the bag 4 note-cards with one fact about the topic on each note-card. Also put in 2 note-cards with one opinion about the topic on each note-card. You will have a total of 6 note-cards in the bag. Your name, the title of the book, and the author's name should be written on the front of the bag.

### Non-fiction:

Moonshot: The Flight of Apollo 11 (Brian Floca)

The Story of Ruby Bridges (Robert Coles)

Babe Ruth Saves Baseball (Frank Murphy)

II. Choose one book from the Fiction summer reading list below. After reading the entire book, complete and decorate the attached character sheet.

### Fiction:

Poppleton in Winter (Cynthia Rylant)

Sarah, Plain, and Tall (Patricia MacLachlan)

How to Be Cool in Third Grade (Betsy Duffey)

## Math:

Complete the attached summer math log.

## Grading:

\*\* These three assignments are due Friday, August 11, 2016. Assignments will be taken as quiz grades. Failure to complete the assignments will result in a 0% as the quiz grade.

A large outline of a person, intended to be a cutout. The person's body is divided into several sections for labeling:

- The head is a large oval shape with the word "Name" written inside.
- The torso is a rectangle with the word "Description" written inside.
- The left arm is a rectangle with the word "Friends" written inside.
- The right arm is a rectangle with the word "Enemies" written inside.
- The left leg is a trapezoid with the words "What they did" written vertically inside.
- The right leg is a trapezoid with the words "What they did" written vertically inside.

The person has simple hands and feet.

# Summer Math Practice

## Upcoming 3<sup>rd</sup> Graders ☺

Upcoming third graders will need to complete 100 minutes (10 minutes a week for 10 weeks) of math practice this summer through internet math games or iPad apps. Each time they play a game or app, they will need to log it into their log sheet. Please encourage them to practice different concepts/skills, especially concepts/skills where they may need extra support. The students are expected to have basic addition and subtraction fact memorized before entering 3<sup>rd</sup> grade.

Here is a list of websites with fun/interactive math games:
