

A Night in Monte Carlo

December 2011

Dear Parents,

The PTO Board and numerous volunteers have been hard at work planning our school's annual Holy Family School Fundraiser. We hope you are planning to join us on February 11, 2012 for "A Night in Monte Carlo".

Please consider **donating a product or service** to the live or silent auction. Our Procurement Committee works very hard to provide a wide variety of interesting and desirable items from local businesses that will make popular bid selections for our Fundraiser guests. But the items donated by our families are often the most creative and personal. No donation is too small. We can take smaller items and pair them with other donations to create wonderful gift baskets. Please let your creativity go wild as you choose what your family will donate this year. If you prefer not to shop, we would gladly do the work for you. We're happy to accept your check in any amount, and will use it to purchase Auction items and credit your family with the donation in our Auction catalog. You can also use the Gift Card/Scrip program for double the benefit, since every gift card purchase earns you credit toward your annual registration fee. Remember that all donations are tax-deductible. You will promptly be sent a letter for tax purposes. Let's get the donations rolling!

The **Item Donation Form** enclosed is vital to let us know what your family would like to donate as an Auction item. Please complete this form (on reverse) and return it to the school office with your donation- or contact Christina so we can arrange pick up of the item. Forms are also available on the school website and the school office. Please fill out and return the form- even if the donation item is not yet ready for delivery. You can check off the line that states "Item will be delivered to HFCS on ____ (date)."

We thank you for demonstrating your commitment to Holy Family and our children's education through your generous participation in the Auction. We look forward to seeing you at Holy Family's "A Night in Monte Carlo" on February 11th!
